Dear Ms. Bajjuri,

Thank you for your gift of \$1,512.00 to Operation Warm. Your gift of warmth helps to increase a child's overall self-esteem, school attendance and overall wellness. Our kids are thankful, and it shows.

If you want to know if your donations make an impact, you don't have to take our word for it. Operation Warm offices are flooded with cards, letters and drawings from children who want to say thank you and share their love for their brand new, colorful coats.

- Jaune plans on wearing his coat all of the time, even in bed. Chances are, Jaune and other kids like him don't want to sleep with their coats, but NEED to sleep with their coats, because they may not have a home that is warm.
- Faith says she appreciates her warm purple coat. She hopes there will be more "needy kids" who get coats.
- Maher says he wears his comfy coat everywhere. It empowers him and gives him "fake muscles."

It is amazing how much of a difference you've made by donating a brand new winter coat for a kid in need. It stays with the child, past the time he outgrows the coat. The children you supported will forever know that you cared. Thank you for giving children **More Than a Coat.**

Warm regards,
